

23 September 2022
For MOT South Africa

With a great big heart, I would like to thank Andiswa Makha, Training and Activities Manager from MOT SA as well as every who was involved with the arrangement and the training that we received.

We all enjoyed every moment and have learned so much. I strongly believe that we can take the information that we learned over these 6 days and great a better environment for our youth and even our colleges.

This even a change in our department behaviour towards each other as well we learned so much of each other.

Kind regards

Marisca Olivier
Aftercare Supervisor
